WHERE MARKETS MEET

About Us

Shenzhen Huiyang Import & Export Co., Ltd.

is a China-based international trading company specializing in pharmaceuticals, aesthetic medicine (exp. retatrutide), veterinary medicines, traditional Chinese medicinal herbs, pet health supplements, and other healthcare products.

We work with importers, distributors, wholesalers, and brands worldwide, providing product sourcing, OEM/ODM manufacturing solutions, private-label development, and international trade support. We know that finding the right supplier involves more than comparing products and prices. Consistent quality, clear communication, reliable lead times, and dependable after-sales support all matter when doing business internationally.

With a network of over 20 long-term manufacturing partners across China, we offer access to a wide range of products and flexible manufacturing solutions. Whether you need ready-to-sell products, private-label manufacturing, custom formulations, or personalized packaging, we help you find the right manufacturing resources and coordinate the entire process, from product development and production to quality control and international shipping.

Production & Delivery

Typical production lead times range from **20 to 70 days for pharmaceutical products** and **8 to 20 days for pet health supplements**, depending on the product, order quantity, and customization requirements.

We also offer flexible sample arrangements. We can send product samples for your evaluation or work with samples you provide for product development and customization.

Communication & After-Sales Support

Our team responds to all inquiries and after-sales requests within 12 hours, usually within 4 hours. Whether you need an order update, assistance with shipping, or support with a product-related issue, we stay involved throughout the process and work with you to find practical solutions.

International Trade & Compliance Support

Different markets have different regulations, product standards, and import requirements. We help our customers prepare product documentation, customize packaging and labels, coordinate export paperwork, and handle international shipping arrangements. We can also assist with regulatory documentation and coordination based on the requirements of your target market.

Our goal is to make sourcing from China simpler, more efficient, and more reliable.

From your first inquiry to sample evaluation, production, delivery, and after-sales support, we're here to make the sourcing process easier and help your business grow.

WHY WORK WITH US

20+ Manufacturing Partners:

Established partnerships with over 20 manufacturers, offering a reliable supply chain and a diverse product portfolio.

Lead Times:

Approximately 20–70 days for pharmaceutical products and 8–20 days for pet health supplements, depending on product type, order quantity, and customization requirements.

Communication & After-Sales Support:

We respond to all inquiries and after-sales requests **within 12 hours, typically within 5 hours.**

OEM/ODM Solutions:

Private labeling, custom formulations, packaging design, and product specification customization.

Sample Services: Flexible sample arrangements.

We can send samples to you for evaluation or receive your samples for product development and customization, depending on your project needs.

International Shipping & Delivery:

Assistance with export documentation, international logistics coordination, and regulatory compliance requirements.

WHO WE SERVE

We work with businesses around the world, from established importers and distributors to growing brands looking for reliable products and manufacturing partners in China.

- **Pharmaceutical Importers & Distributors**
- **Pharmaceutical Wholesalers & Suppliers**
- **Pharmaceutical Companies & Brands**
- **Animal Health Companies & Brands**
- **Aesthetic Medicine Importers, Buyers & Distributors**
- **Veterinary Medicine Importers, Buyers & Distributors**
- **Pet Supplement Importers, Buyers & Distributors**
- **Pet Health Brands & Pet Product Distributors**
- **Companies Looking for OEM/ODM Manufacturing & Private Label Solutions**
- **Chinese Medicinal Herb & Botanical Ingredient Importers and Wholesalers**

Whether you're looking to source products in bulk, develop your own brand, expand your product range, or build a reliable supply chain in China, we work with you to find solutions that fit your business.

We value long-term relationships and aim to be a partner you can count on as your business grows.

•Veterinary Pharmaceuticals

Atropine

Category: Anticholinergic Agent
Specification: 1mg/mL

Analgin Injection

Category: Analgesic / Antipyretic
Specification: 500mg/5mL

Omeprazole for Injection

Category: Proton Pump Inhibitor
Specification: 40mg/10mL

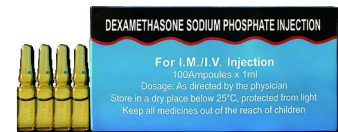

Otrinique Nasal Drops

Category: Nasal Drops
Specification: 10ML

Benzyl Alcohol Injection

Category: Pharmaceutical Injection
Specification: 50mg/5mL

Dexamethasone Sodium Phosphate Injection

Category: Corticosteroid / Anti-inflammatory Agent
Specification: 100 Ampoules x 1 mL

Trois Plus Forte

Category: Vitamin Combination Injection
Specification: 10 Ampoules x 3 mL

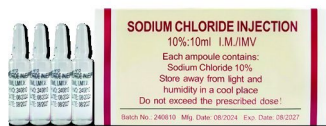

Progesterone

Category: Hormonal Medication
Specification: 25mg/mL

Lincomycin

Category: Antibiotic
Specification: 600mg/mL

Sodium Chloride Injection

Category: Electrolyte Solution
Specification: 10%/10ML

Gentamicin Eye/Ear Drops

Category: Aminoglycoside Antibiotic
Specification: 10ML

Vitamin B1+B6+B12 Injection

Category: Vitamin Combination Injection
Specification: 10 Ampoules

Vitamin C Lyophilized Powder

Category: Vitamin Preparation
Specification: 1G X 50 Vials

Cimetidine Injection

Category: H2-Receptor Antagonist
Specification: 200mg/2mL

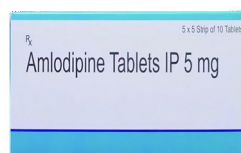

Paracetamol Tablets

Category: Paracetamol Tablets
Specification: 500 mg

Metformin Tablets

Category: Metformin Tablets
Specification: 500 mg

Amlodipine Tablets

Category: Amlodipine Tablets
Specification: 5 mg / 10 mg

Cefixime Capsules

Category: Cefixime Capsules
Specification: 200 mg

Our products and services reach customers and partners across multiple international markets. Through strong manufacturing capabilities and comprehensive supply chain support, we help global partners access reliable pharmaceutical and healthcare solutions.

Quality is at the heart of everything we do. Through relevant testing reports and quality documentation across our product portfolio, we strive to provide our partners with greater confidence in the products they choose.

YOUR TRUSTED PARTNER

FROM CONCEPT TO DELIVERY

Product Customization

We provide customized product solutions based on customer requirements, including formulation adjustment, product specifications, packaging design, and market-oriented solutions.

Quality Documentation Support

We provide essential product documentation, including:

- Certificate of Analysis (COA)
 - Product Specifications
 - Quality-related documents
- to support international cooperation and regulatory requirements.

One-Stop Partnership

From product customization and manufacturing to documentation and delivery, we provide comprehensive solutions designed to simplify international procurement and build long-term partnerships.

OEM & Private Label Services

We support OEM and private-label projects, helping customers develop their own branded products with flexible manufacturing options and professional production support.

Export & Logistics Support

We assist customers with:

- Export documentation preparation
 - International shipment coordination
 - Logistics communication
 - Customs clearance support
- to ensure smooth global delivery.
